9 **Planning Applications Considered Outside of A Meeting**

10 **Other Planning Business**

10.1 **Appeal: Seasons Farm, Pootings Road, Crockham Hill TN8 6SD (application 25/01007/PAC)**

The following two applications were refused by SDC:

- 25/01007/PAC - change of use from agricultural use to Dwellinghouses (Class C3) use and associated operational development. This application is made under Class Q of The Town and Country Planning (General Permitted Development) (England) Order 2015.
- 24/03382/PAC - change of use from agricultural use to Dwellinghouses (Class C3) and associated operational development. This application is made under Class Q of The Town and Country Planning (General Permitted Development) (England) Order 2015.

This site, in August there was unauthorised installation and habitation of static and semi static caravans on this site; which followed with an enforcement notice on the site resulting from this unauthorised development. This is an encroachment of the hamlet of Pootings further into the Green Belt countryside. No “very special circumstances” have been put forward that would justify development within the Green Belt.

There has now been an appeal lodged. The deadline to respond was 14 November (Appeal refs: APP/G2245/C/25/3373386 & APP/G2245/C/25/3373387, APP/G2245/C25/3373388 & APP/G2245/C/25/3373389). However, this site is on the boundary of Edenbridge, as the Appeal has only recently come to the Town Council's attention, members are asked to consider if they would like to submit a late representation (noting that it may not be received by the Inspector as after the deadline date for interested parties comments to be received).

**How do members want to proceed?**

11 **Local Plan update**

Report to be provided at the meeting.

12 **Consultations**

12.1 **Kent Downs Management Plan Review 2026 – 2031**

The Management Plan is the blueprint for the Kent Downs. It explains how Kent Downs Management look after, manage, and enhance the landscape for the years ahead. It guides how they manage and enhance natural beauty, support farming and land management, guide planning and development, and create more opportunities for everyone to explore and enjoy the Downs. Local councils, farmers, landowners, community groups and residents all use the plan. It influences decisions and shapes priorities for nature recovery, farming, climate action, access and tourism.

This survey closes at midnight on Sunday 30 November 2025.
